

***FLUSH  
IT!***

Dear You-Know-Who-You-Are,

OK, yes, we all know it's a good idea to save water and be all environmental and stuff, but I mean **COME ON!** Some of us are getting pretty sick and tired of coming in here and finding your squirrely little turds just hanging around in the toilet and stinking this place up like it's some kind of county fair Port-o-Let. What, are you **PROUD** of your poop or something? Do you think it's like your **ART** and that this is your own personal **MUSEUM**? Well it's not! So like, **FLUSH IT ALREADY, PICASSO!**

Sincerely,

- Fed Up!
